Training and Placement Department Facilities

Training and Placement Department, has a Seminar Hall, a separate well furnish office. Seminar Hall, equipped with modern facilities like, LCD Projector, LAPTOP and PA Systems, can accommodate 100 students. Placement Office has hi-tech facilities to act and react the communication and correspondence with companies swiftly.

The placement cell plays a prominent role in the campus. The prime objective is to create job opportunities for the young engineers passing out from out colleges by keeping liaison with reputed firms and industrial establishments. A senior faculty member is appointed to look the placement programmes as part time placement Officer. The major programmes of the cell are:

1. Campus Interview

Campus interviews are conducted by reputed concerns.

2. Career Guidance Programme

The placement cell organises career guidance programmes for students. The cell arranges training programmes like facing the interview, group discussions etc. The cell also invites service organisations like Lions Club, Rotary Club and Jaycees to conduct such training programmes and mould the career of students.

3. Inplant Training

In order to gain subject oriented practice in various faculties, the pre-final students are required to undergo inplant training during sem holiday. Small groups of 5 students each will be sent to various organisations and other Public Works Departments.
